

# IMPORTANT SAFETY WARNING

## Dynamode USB2 External 3.5" HDU Enclosure Model Number:USB-HD3.5SI-BN

Original Outer Packaging

Metal USB Enclosure

Serial Number

Dear Dynamode Customer,

We have become aware that some **USB-HD3.5SI-BN** external USB2.0 3.5" SATA/IDE Hard Disk Enclosures may have a manufacturing defect in the supplied, external 240VAC power adapter (power block and power cord) supplied with this product.

This defect, in the original design of the external 240VAC power adapter maybe cause **overheating** due to an electrical 'short' and in very rare cases produce excess heat in the 240VAC power adapter causing a **possible fire risk**.

### **IF YOU SUSPECT ANY OF THE ISSUES ABOVE AND/OR HAVE ANY MATCHING SERIAL NUMBERS LISTED BELOW...**

*The serial number will be located at the rear or underside of the metal enclosure, and also the side lip of the outer packaging.*

**D-BET-0314000005XXX**
