

SW50010-M

5-Port Desktop, Fast Switch

Compact expandability.

Do you need a low cost, ultra-compact Fast Ethernet Switch to expand your Business or Home Network with the piece of mind of a Lifetime Warranty?

The totally new **SW50010-M** 5-Port 10/100Mbps Desktop Switch is your ideal choice. Featuring a rugged metal build for durability, the Switch has a compact footprint of just 9cm Wide by 8cm Deep (approx.) The external Power Supply is also of compact design and like the Switch enjoys a Lifetime Warranty, so you have piece of mind that you'll always be up and running without any future costs.

Performance has again been improved with features up until now, only enjoyed on more expensive Switch solutions. Full-Duplex 200Mbps on each Port, a separate 'Uplink' Port for connecting to other Switches or Routers, and auto-crossover and complete Plug n' Play with any Operating System.

So if you're in the market for a quality, compact and high-performance Fast Switch look no further than the SW50100-M – *only from Dynamode.*

Lifetime Warranty covers Switch and supplied Power Supply.

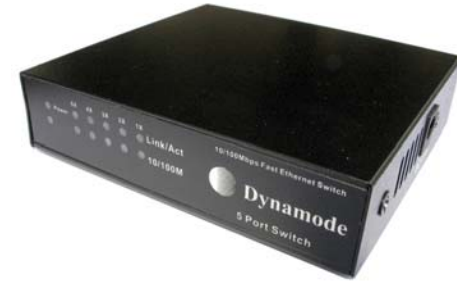

SW80010-M

SW240010-R
